CLASS HISTORY

In 1943, we, the class of '49 with twenty-three boys and nineteen girls made a mad dash to get the back seats in the seventh grade of Charlton High School. We had Miss Manzi, as our leader, to start us on are high school career. The class officers that we chose for the year were as follows: president, Barbara Moffatt; vice-president, James Ashworth; secretary, Joseph Butler and treasurer, Sally Mann, who was in charge of our non-existing money bags.

Herbert Stevens earned the distinction of having the highest honors for the year.

For the annual Junior Play Contest we presented "Are you ready for an Air Raid". The cast included Sally Mann, Jeannette Gaucher, Joan Lunn, Barbara Moffatt, Patricia Poulin, Gary Mix, Ralph Phillips, Charles Foskett, and James Ashworth. Although it was a fine production, we bowed to upper classmen.

We made our quota in the Magazine Contest this year. Time passed quickly, and soon it was June. When September of '44 came around, we found our class had decreased to forty-three pupils. We lost five girls and two boys. We then had only nineteen girls and eighteen boys. We settled down to work, under the guidance of Mrs. Madaus. Our class officers were president, Barbara Moffatt; vice-president, James Ashworth; treasurer, Dorothy Cook; secretary, Sally Mann. We presented "Bargains in Haircuts", in the Junior Play Contest. We enjoyed putting it on; but again, we didn't win. The cast included James Ashworth, Charles Foskett, Patricia Poulin, Sally Mann, Ralph Phillips, and Barbara Moffatt. The girls that participated in basketball this year were as follows: Dorothy Cook, Jeannette Gaucher, Anita Ianniccheri, Leona Hilton, Joan Lunn, Barbara Moffatt and Evelyn Murkland. Leona Hilton, Sally Mann, and Evelyn Murkland were able to play in one out of town game and on second team in a home game.

One boy from our room went out for baseball, Charles Foskett. We participated in Stamps and Bond drives. June marked the end of our Junior High School Adventures, and we looked forward with fear and anticipation to our four years of high school life.

In September of '45, we were freshmen. With our advisor Mr. Maloney, we started this year with thirty-four members, as we had lost Thomas Burns. Our class officers for the year were president, Sally Mann; vice-president, Dorothy Cook; secretary, Evelyn Murkland; treasurer, Patricia Poulin. Those that were on the honor roll for this year were Sally Mann, Diana Zinkowsky, James Ashworth, Sylvia Duquette, and Barbara Moffatt.

We presented "The Child Wonder" in the Junior Play Contest and we won. The cast included James Ashworth, Sally Mann, Barbara Moffatt, Joan Lunn, Charles Foskett and Dotty Cook.

(Continued)

We were represented in the Prize speaking Contest by Evelyn Murkland, in the Humorous Division, Sally Mann in the Dramatic division and Barbara Moffatt and James Ashworth in the Oratorical division. Sally Mann won second prize in the dramatic division and represented us at N. F. L. at Shrewsbury, on May 3 and 4th where she won Honorable Mention in the Massachusetts State Finals.

This year Frank Gard, George Woods, Robert Pierangeli, and Robert Wilbur, went out for basketball. The Girls Class Basketball Trophy was awarded to us this year. Players for the team were Dorothy Cook, Leona Hilton, Joan Lunn, Sally Mann, Evelyn Murkland, Shirley Denault, and Barbara Moffatt. We also took part in a paper drive and Magazine Contest this year. In our Sophomore Year we had Mrs. Fiske for our home room teacher and were now only twenty-nine in number. We were sorry to lose Milton Whitney and Betty Sullivan.

In the Play Contest we presented "The Black Widow". The cast included Dorothy Cook, Sally Mann, Evelyn Murkland, Agnes Prunier, Joan Lunn, Charles Foskett, Gary Mix, James Ashworth, and Herbert Stevens. We are happy to say we won the cup.

The class officers for this year were president, Sally Mann; vice-president, Evelyn Murkland; treasurer, Jeannette Racine; and secretary, Robert Wilbur.

We had always had the reputation of being cowboys and Indians so we decided to change the consensus of opinion by really getting "on the ball". We won the Magazine Contest, and as a reward, we were given all the ice cream we could eat by Mr. Cheney. Because we won the contest, we also went to the Ice Follies at the Boston Gardens, chaperoned by Mr. & Mrs. Fiske, Mrs. Madaus, and Mrs. Hammond.

This year our class was well represented in both Boys' and Girls' Basketball. The boys were George Woods, Charles Foskett, Frank Gard, Robert Wilbur, Robert Pierangeli, Roland Becker and James Ashworth. The girls were Sally Mann, Dorothy Cook, Leona Hilton, Barbara Moffatt, Joan Lunn, Shirley Denault, and Anita Ianniccherri. Both Sophomore boys and girls won Class Basketball.

Those on the honor roll this year were: Herbert Stevens, George Woods, Barbara Moffatt and Sylvia Duquette. After a strenuous year, we were all glad to see June come. Under the supervision of Mrs. Hammond we started the Junior year with the enrollment of twenty-five pupils. A short time later we were sorry to lose two good students namely; Jeannette Racine, and Elizabeth Nichols; but we gladly welcomed a new student, Eleanor O'Connell, to our class.

The class officers of this year were as follows: president, Gary Mix; vice-president, Dorothy Cook; secretary, Diana Zinkowsky; and treasurer, Robert Pierangeli.

Our play for the Annual Play Contest was "Extra", but we lost to the sophomores. The cast included Dorothy Cook, Evelyn Murkland, George Woods, Sally Mann, Gary Mix, Sylvia Duquette, Herbert Stevens, and Robert Pierangeli.

Since we lost the Play Contest, we tried hard, and we won the Magazine Contest and as a reward again we had an ice cream party given by Mr. Cheney.

(Continued)

In order to raise money for the treasury the juniors sold candy bars and taffy. We had two representatives from our class in the Prize Speaking Contest, and we are very proud of Gary Mix, who won first prize in the Humorous Division, and Sally Mann, who won second prize in the Dramatic Division. Both pupils represented us at the Mass. State Tournament in Ashburnham, on May 1, 1948.

In order to teach boys and girls to dance, we juniors, started an afterschool dancing class. We were happy to report successful results. Our Annual Junior Prom, which was held on May 7, featured Russ Colé's Orchestra. The Town Hall was beautifully decorated with our class colors, which were pink, green, and silver, with our theme being Maytime. The class flowers were pink roses. The Patrons and Patronesses for the Prom were Superintendent and Mrs. Joseph Burgess, Principal and Mrs. H.L. Mushroe, and Mr. and Mrs. Robert Mann. The entire class served on Committees.

The Honor Roll students were Herbert Stevens, Diana Zinkowsky, and George Woods. Frank Gard, George Woods, Robert Wilbur, and Robert Pierangeli starred on the basketball team and baseball team this year. The girls that went out for basketball were Joan Lunn, Barbara Moffatt, Leona Hilton, Anita Ianniccheri, Dorothy Cook, Sally Mann and Shirley Denault.

The girls that went out for cheerleading were Barbara Moffatt, Dorothy Cook, and Sally Mann. The boys won the Class Basketball again this year. Soon our tremendous year ended, and we all looked forward to being Seniors. Honor Roll pupils were Lorraine Lavigueur, Herbert Stevens, and George Woods. The following September found us with our dream come true. We were Seniors, but we surely didn't feel it or act it. Mr. Berube was our advisor for the year.

We started the year with twenty-three members as we lost, Doris Hilton. Class officers this year were president, Robert Wilbur; vice-president, Evelyn Murkland; secretary, Agnes Prunier; treasurer, Dotty Cook.

We presented "Farmer's Daughter" for the Play Contest. The cast included Sally Mann, Dotty Cook, Agnes Prunier, George Woods, Herbert Stevens, and Gary Mix.

We conducted our Annual Auction in the lower town hall. We canvassed the whole town, and we were well rewarded with \$100 for our treasury. The entire Senior Class participated in the Senior Play, which was entitled "Harriet". It was a great success. This play was one of our greatest successes in extra curricular school life and helped fill our treasury. We had two paper drives one in the late fall and the other the spring which also helped fill our money bags.

Only three members went to the Music Festival this year; namely, Barbara Moffatt, Agnes Prunier, and Sally Mann. Gard, George Woods, Robert Pierangeli, starred on the first team in basketball. They also participated in baseball.

(Continued)

This year the girls that participated in basketball were Sally Mann, Barbara Moffatt, Dorothy Cook, Leona Hilton, Joan Lunn, Evelyn Mürkland, Anita Ianniccheri and Shirley Denault. The girls defeated the Freshmen girls in the Class Basketball.

During our vacation we went on our class trip. All Seniors agree that this was our most enjoyable school activity. Chaperoned by Mr. Mushroe, Mr. & Mrs. Fiske, and Mrs. Hammond, we visited many famous land marks and all had a wonderful time. We the class of '49 sincerely thank and appreciate those that have helped us to enjoy every moment of our stay in Charlton High School and we sincerely hope that every class will enjoy its high school career as much as we have.

CLASS PROPHECY

During the summer of 1964, as I, Leona Hilton, began my campaign tour to be the first woman president of the United States, I began to notice some familiar sights.

As I started from the East of West Virginia, I stopped at a small drug store in Cabin Creek; and as I entered, I came face to face with my old friend, Theresa Dubuque, who told me that she was happily married and the proud mother of two sets of twins, who surely kept her busy.

Then, I traveled north to New York, where I stayed a few days at the Moffatt and Cook Hotel. I found that Dorothy Cook and Barbara Moffatt were known as the world's greatest twin telephone operators. That evening I went to Rockefeller Center, where I read on the screen a notice of world's greatest ballet dancer, who was no other than our own Evelyn Murkland, who had at last achieved her heart's desire.

The following day as I had finished one of my campaign speeches, I noticed a large group of women and in center of the group-trying to quiet these hysterical females, stood George Woods and Herbert Stevens, who were now popular divorce lawyers.

That evening as I was seated at a baseball game, I noticed a tall familiar figure as catcher. To my surprise, it was my old classmate, Robert Pierangeli-following close behind him came the water boy, Roland Becker. Roland wanted to be a player, but because of poor eye-sight, he had to be content to be water boy for the Red Sox Team.

As I was traveling through Chicago, I was forced to stay to have some work done on my car. I stopped at a place called Frank's Supersonic Garage. Here I learned that Frank Gard had designed the world's latest model. Frank persuaded me to trade in my old Buick for one of his Supersonic Models, so I continued my journeying in Frank's new Model.

As I was on a campaign tour for the presidency, I had to pass through the place in Tennessee, where the Atomic Research was being carried on. Here in one of the large laboratories I met Eleanor O'Connell, who was a successful nurse at the plant. Eleanor asked me if I wanted a good laugh; and, of course, I answered in the affirmative. She then led me to a small corner of the laboratory where I saw Sally Mann who was trying to find the molecules in Uranium. This wasn't just the work Sally had planned to do, for while she was in high school, she talked about experimenting with guinea pigs. As I was leaving the Atomic Plant, I met Lorraine Lavigueur in a white uniform. She was carrying a pan of water and many towels. I asked her where she was going, and she replied that she was going to soak Gary Mix's feet as his cowboy boots were a little too tight for him now. I accompanied Lorraine and found Gary sitting on a horse, but it was a saw horse as he was now one of the carpenters at the Atomic Plant.

(Continued)

As I traveled west, I noticed some outstanding advertisement. One of the most spectacular was a picture of Anita Ianniccheri and Robert Wilbur as Motorcycle Dare Devils. I remembered Anita's saying that she wanted to ride motorcycles, and I really began to believe in miracles. The next sign that attracted me, especially since I was getting hungry, about then, was the sign Pat and Deno's Restaurant. These nicknames seemed to ring a bell in my mind, and surely enough they represented my old pals—Patricia Poulin and Shirley Denault. Pat began by telling me how she and Shirley decided to go into the restaurant business. We went into the kitchen to visit Shirley, who was singing loudly as she stood over a hot stove cooking hamburgs. They both assured me that they had made enough money to retire and had me sit down to a meal as they called it, "on the house". As I was eating, I was attracted by some excellent piano playing. I turned toward the stage and beheld Joan Lunn, who was a traveling entertainer. Shirley also told me that they had secured the services of Diana—the great Rumba Queen. Before Shirley could explain further, I saw Diana approach in an attractive costume.

As I continued my campaign tour, I stopped at a store with the sign "Agnes' Variety Shoppe" above the door. Behind the counter I saw our attractive Agnes Prunier, who informed me that she and Ray Ashe had married and had purchased this store from which they were making a very good living. My last and final stop was at the White House in Washington D. C. where I met Eunice Mahan and Sylvia Duquette, who had successfully completed their nurses training courses and were employed as special registered nurses in the White House.

From Washington I returned to my old home town, Charlton, to relax and to think of the visits I had had with my old friends from the class of 1949.

WELCOME ADDRESS

As president of the class of 1949, I am pleased to extend a cordial welcome to our parents, relatives, friends, faculty members and underclassmen.

Now, as we ponder concerning our high school course, we can't help feeling rather sad that the time for parting has really come. We do realize that our lives are richer and better because of the opportunities that we have enjoyed during the past four years.

CHARGE TO THE JUNIORS

As we, the class of 1949, leave Charlton High School, we wish to give the underclassmen the following advice:

First, remember that since you are the oldest group in the building, it is your duty to set a good example for all your underclassmen.

Second, help to broaden your education by taking an active part in all school activities; such as, Magazine Contest, Glee Club, Athletic Contest, and Student Council. Being active in these affairs displays your talents and helps to educate you.

Third, don't forget that your teachers are your guides, helpers and friends, and that if you show the right spirit and do your best, they will be in a position to help you get the most out of school.

As president of the Senior Class, I take great pleasure in presenting this key of responsibility to the president of the Junior Class, Ronald Forkey, and in wishing this class good luck.

Forever and Ever

We now say goodbye,

We regret our leaving

Dear Charlton High,

As we now go forward

To start new careers,

We take with us fond mem'ries of our High School

Years.

As we leave our teachers and high school,

We raise our hearts in your praise,

And we will remember your guidance and

care

In helping us start our future years.

As we part from our classmates,

We wish them good luck,

As they go onward

To a future bright.

We hope that our pathways

Will lead to success,

As we bid adieu forever

Dear old C.H.S.

Communism v's. Christianity

In recent months it has become evident that behind the Iron Curtain there is a brutal, widespread campaign to stamp out not only political resistance but all religious opposition as well.

The recent infamous Cardinal Mindszenty trial, in the puppet state of Yugoslavia, was positive proof of this as were the trials of a number of Protestant Clergymen in Bulgaria. These so-called "demonstrations of justice" are mockeries of all that is just and right. Ministers and priests are arrested for some major offense "against the state." After long imprisonments in which their spirit is broken, they are brought to trial before a peoples' court, whose jury is prejudiced, unfair, and afraid to render anything but a verdict of "Guilty," for fear of reprisals against themselves, their families, and friends.

This terrible purge of Christian clergymen is not limited to arrests and trials but the restrictions placed on them are so great that they cannot carry on half of their regular duties and activities.

This proves that the Communist leaders in the Kremlin are definitely afraid of Christianity because it is one of the greatest forces that is openly opposed to the Red Menace and because the Christian teachings are the direct opposite of those of Marx, Lenin, and all the rest, so, with the support of all Christians, the spread of Communism can be stopped and the world freed of the scourge.

The Value of the Senior Class Trip

Now, that we have returned from our class trip, we are approached

by many people and asked, "What was the value of the class trip?" Well, here is my answer to them. First of all it was an educational trip. We learned and saw many things which we had thought about for a long time.

We learned the value of money as we saw what a small amount of food our money would buy in comparison to what we had at home. We then began to appreciate our meals at home. We learned that it is necessary to budget our funds in order to get the most out of any trip. For example- isn't it foolish to spend a great deal on expensive souvenirs and meals the first day and then have practically nothing left for the remainder of the trip? Experience, which is the best teacher, taught us that if we ate between meals, instead of at meals, we often suffer by not being able to enjoy our trip.

By watching pupils from other schools check in to a hotel, in a rude and boisterous manner, we realized just how important our good behavior was. As we glanced around a hotel dining room, we realized the importance of good table manners as shown to us by our parents. We learned how to order a dinner correctly.

One of the most important things of all, that we learned is that in a group, we must suppress most of our desires and gratify only those which would include the whole group. We must be unselfish and patient as we must realize that each person's wishes must be considered and that we must often do things we aren't interested in or wish to do for the sake of others.

The Unemployment Situation

Since the end of World War II (continued)

things have not been adjusted properly as it was in the other war we had. Work in factories has been slowed down considerably. Married men with about five children in their families are either being laid off or else they are being put on two or three days a week, getting a salary of about twenty-eight dollars, where as before they were working a six day shift and making at least thirty-five to forty. How are people going to get along with half of what they were making when prices and rent are so high?

Then, again there is the man who has no job at all. Everyday he goes out to try to get a job, but every where he goes there isn't a position, in fact they are laying off more people everyday. While he hasn't a job, he is collecting unemployment, which is only twenty dollars. How can a person live on that sum?

Some people say that in a few months things will be different, that this is just a readjustment period. We surely hope that it is. But if it isn't, there is more need than ever for our graduates to get more education.

The Making of History

Early in April of this year history was made in our own capitol. This history making event was the signing of the Atlantic Pact, by the diplomats of Belgium, Canada, Denmark, France, Italy, Luxembourg, the Netherlands, Norway, the United Kingdom, and the United States of America.

The Pact was signed as a great experiment to guarantee peace, extend democratic frontiers throughout the North Atlantic area, and strengthen all free people. It abolished the policy

one hundred and some odd years old, which the United States had followed, namely, the Monroe Doctrine. This policy was scraped because of the fact that we have been dragged into two bloody world wars just by keeping our noses clean of foreign affairs.

The signing nations pledged themselves to the defense of any member nation. This is a costly proposition for the United States as it means our military frontiers are extended into Western Europe, but this is not so costly as another war.

The Pact will serve its purpose if it prevents aggressive nations from plunging into war, resulting in involving us in another World War.

What Will Atomic Energy Do to Mankind?

The atomic bomb is not a product of World War II. This work started with John Dalton's theory of atoms in 1808. Scientists worked on this theory and experimented with it until, in 1945, the last successful one zoomed into flame on a New Mexico desert. Here are some facts about the atom. Enlarge an atom to the size of the capitol at Washington and its nucleus would still be no larger than a fly. Forces holding together such particles within the atom are tremendous. If there were such forces between soap bubbles, a thin layer of bubbles would support the weight of the moon. This energy provides the most powerful weapon in our arsenal for war, gives cures for many diseases and will eventually furnish cheaper electricity and transportation.

As yet no atomic energy pile has been made, but most physicists think one could be made if proper construction materials are

(continued)

found. In years to come, atomic energy may be less expensive than coal.

Medical research has benefited greatly from the radioactive isotopes, manufactured in atomic piles. These isotopes can be used in place of radium in treating diseases. They are cheaper and often better. They can also be used as tracers to tell where substances go inside the body. How long will it take? Some scientists estimate only two years will be needed to make the first electricity from atomic energy. Uranium may not compete on a dollar and cents basis with the price of coal, however, uranium fueled battleships and submarines; able to cruise for years without refueling, may be afloat within five years.

The North Atlantic Pact

The problem which has been most widely discussed in the United States and Western Europe during recent days is the North Atlantic Pact. Twelve nations have joined this Pact.

Many observers think this Pact is the first step in maintaining world peace. The most important provision of the Pact is that of the ability for all the nations that signed the Pact to come to each other's aid in case one of them is attacked, however, Congress retains the power to declare war, in each particular conflict.

The Pact also provides that each member nation help each other build up its military forces and that the agreement shall run for twenty years. Any attack on a member nation means an attack on all nations who joined the Pact.

Officials favor sending arms

because the Pact has very little meaning if the military forces of European nations remain weak.

In spite of our talks on defense, Russia says the United States is making threats of aggression against her. Russian officials tell us how we would feel if they had such a Pact with other nations, and government officials reply that Russia would be justified in fearing us, if we had grabbed as many lands as she did herself.

Under these conditions the argument continues. Peace loving nations must work together to protect themselves.

OUR SENIOR CLASS TRIP

On the bright, sunny morning of Saturday, April 14, at 8:00 A.M., the senior class of Charlton High assembled in the City Post Office to begin its journey to New York City. Everyone appeared sleepy and arising so early. We were not one of which proved to be the wrong one. After the morning was straightened out, we left on a train for New York City, accompanied by our chaperones, Mrs. Plante, Mrs. Bishop, and Mr. ... On the way, everyone was sleeping, and later, when we passed through cities and towns, we heard the great city, everyone could scarcely conceal his excitement by at last seeing the "Empire City of the World." We arrived at 11:45 A.M. and checked into our room at the Hotel Plymouth, on 45th Street. We then took a subway to South Ferry, where we boarded a ferry to visit the Statue of Liberty. After we had seen the fall of the sword and laid her rest in the ocean, Mr. Bishop and Mrs. Plante were sorry to leave her hat, but she thought she would return to our hotel. He continued our visit to other people's falling also. After dinner at the hotel that evening, we went to see the play "All for Love." We returned to our hotel for a night of rest, which we had received.

OUR SENIOR CLASS TRIP

On the bright spring morning of Saturday, April 16th, at 5:45 A.M., the Senior Class of Charlton High assembled at the Charlton City Post Office to begin its journey to New York City. Everyone appeared sleepy from arising so early. We were met by two busses, one of which proved to be the wrong one. After the bus difficulties were straightened out, we left on a Trailways, New England Bus, accompanied by our four chaperones, Mrs. Fiske, Mrs. Hammond, Mr. Mushroe, and Mr. Fiske. On the way, everyone was happy, singing, eating, and interested in looking out the windows as we passed through cities and towns. As we neared the great city, everyone could scarcely conceal his excitement by at last seeing the Wonder City of the World. We arrived at 11:45 A. M. and checked into our rooms at the Hotel Plymouth, on 49th Street. After lunch, we took the subway to South Ferry, where we boarded the boat to Bedloe's Island to visit the Statue of Liberty. After we disembarked at the island, Mrs. Fiske fell on the wharf and lost her hat in the ocean. Fortunately, she wasn't hurt. She was sorry to lose her hat, but she bought another one when we returned to our hotel. We continued our visit to the Statue with some other people falling also. After dinner eaten at the hotel that evening, we went to see the play "All For Love." We then returned to our hotel for a night of rest, which no one received.

OUR SENIOR CLASS TRIP

On the bright spring morning of Saturday, April 10th, at 8:45 A.M., the Senior Class of Charlton High assembled at the Charlton City Post Office to begin its journey to New York City. Everyone appeared sleepy from arising so early. We were met by two buses, one of which proved to be the wrong one. After the bus difficulties were straightened out, we left on a Trailways New England Bus, accompanied by our tour chaperones, Mrs. Fluke, Mrs. Hammond, Mr. Mashroo, and Mr. Fluke. On the way, everyone was happy, singing, and interested in looking out the windows as we passed through cities and towns. As we neared the great city, everyone could scarcely conceal his excitement by at last seeing the wonder City of the World. We arrived at 11:45 A.M. and checked into our rooms at the Hotel Plymouth, on 45th Street. After lunch, we took the subway to South Ferry, where we boarded the boat to Bedloe's Island to visit the Statue of Liberty. After we disembarked at the island, Mrs. Fluke fell on the wharf and lost her hat in the ocean. Fortunately, she wasn't hurt. She was sorry to lose her hat, but she bought another one when we returned to our hotel. We continued our visit to the Statue with some other people falling also. After dinner eaten at the hotel that evening, we went to see the city "All for Love." We then returned to our hotel for a night of rest, which no one received.

The next morning was Easter Sunday, so we arose to attend church. One group went to St. Patrick's Cathedral and the other to Riverside Church. After this we went to Rockefeller Center and took the guided tour. From one of the roof gardens we could look down upon Fifth Avenue and see famous New York Easter Parade.

The tour ended high on top of the R.C.A. building, where some of the group had a lunch and we returned to our hotel. When the others had eaten lunch we divided into two groups, one going to Ebbetts Field in Brooklyn to see a baseball game, and the other group going to see the Hayden Planetarium and American Museum of Natural History. We again returned to the hotel for dinner that evening, then went to the Center Theater to see the ice show, "Howdy Mr. Ice". After this, we returned to the hotel for the night, and again no one got much sleep.

We arose early Monday morning and went to Radio City Music Hall to see the Easter stage show and the picture "Connecticut Yankee." After this, we toured the N.B.C. Broadcasting Studios and saw how broadcasts are made and sound effects produced. We then had lunch, and again the group divided: one going on a shopping tour and the other going to La Guardia Airport on Long Island. After dinner that evening, our last night in New York, we took the tour of Lower New York, visiting Chinatown, the Bowery, Wall Street, and other places of interest located in this part of the city. We returned to the Longacre Theater to see the broadcast "Calvacade of America". After this we hurried to the bus terminal to get our baggage and board the bus for Charlton. We left at 1:15 A.M. and the trip home was quite a different one from the trip going down. This time everyone was very quiet and tried to get what sleep he could. We arrived at 6:30 A.M. Tuesday morning and we were greeted by our parents. Everyone was so tired he slept all day, but all enjoyed themselves and are ready to return to New York once again. We were a well behaved class according to our chaperones, and deserved the praise they gave us.

Mary Finds a Way Out

Mary was a girl in her senior year at school. She was to be graduated in June, and it was now the middle of May. She did Red Cross Nursing in the Greendale City Hospital.

Mary had no parents so she was living with her aunt, but her aunt had fallen ill and needed an operation. Up till that time Mary could have paid for her class trip, but now that her aunt had fallen ill, she couldn't. Graduation was getting closer, but still Mary had no money, for all the money she was making at the store was used for doctor bills. One day Mary was assigned to a patient in Ward 3. Mary soon got to like this lady very well. This woman's name was Mrs. Van Huston, who said that after she got well, she would take Mary to live with her. But one day tragedy struck, and Mrs. Van Huston, who had no relations, passed away. Before Mrs. Van Huston had died she used to call Mary her daughter, and Mary used to call her mother. Before she passed away she told her that she would never forget her. A few weeks later, with the class trip only a few days off, Mary got a call from the family lawyer. He wanted her to come to his office immediately. She dressed quickly and started out. When she got there the lawyer was waiting for her.

He picked up a legal looking document from his desk and started to read. It started: I hereby bequeath all that I own, including my bank account to my little nurse Mary Brown. This was Mrs. Van Huston's Will. Mary could not believe what she heard. But I can assure you that Mary went on her class trip and her aunt also had her operation and soon they moved into the larger room. Her mansion

with all its servants and yes, they lived happily ever after.

And also Mary entered Nurses Training school in September, after her graduation.

The Unexpected Suprise

Mary Johnson, a senior in high school was to be graduated soon. Of course, for most seniors it is a great privilege and joy to be graduated from high school and to wander far into the world. Mary was happy about graduation, except for the fact that her brother, who was in South America, was sure that he could not get home for exercises. Mary tried hard not to show her disappointment, but it was evident. This worried her parents. If it bothered her now, what would she be like on graduation day. They wondered if this disappointment would make her forget her graduation speech.

It was the day before graduation and still no word about her brother, but unknown to her and her parents, he had received an unexpected leave of absence. On graduation day a few hours before exercises, he came in. After much crying and questioning they left for the auditorium. Mary knew that she would make no mistakes in her speech because her brother was there to make it a perfect graduation.

After much nervousness and many speeches the diplomas were given out ending the graduation exercises. The first to congratulate her was her brother, then her parents and finally her friends. Mary thought that her graduation day was the happiest of her life.

Honesty "Pays"

Laura Ann was a plain, ordinary girl from a small town and an average family. Her one desire was to become educated so that she could live a happier life than her parents had lived. She was in her last year of high school and soon was to make her class trip to Washington D.C. Being very excited over preparing for her trip, she forgot, for a time, about how she was going to get the money for her education. Excited and happy the Seniors, started out early Thursday morning to the United States Capitol. They traveled for a day, but the time went quickly. Soon they were resting in their hotel. They had many happy adventures to come and couldn't stop talking about them for a second. Laura had strayed a short distance from the group with her friend, Priscilla. They were in the Smithsonian Institute, a museum in Washington, D.C., when Laura saw, lying on the floor, a small box. She noticed a name and address was typed on the back of the box. Inside the box was a beautiful diamond necklace, earrings and bracelet worth over a million dollars, or at least that's what it seemed to Laura. Priscilla squealed, "Gosh are you lucky, now you can get that education you've been wanting." Laura was so excited she didn't stop to think for herself and slipped the box in her purse. She made Priscilla promise she wouldn't say anything about it. Later on that evening she took out the box and looked at the beautiful jewelry again and then at the address. The name was "Madame May Ling." The address was of an apartment house across the street from Laura's room. She thought of how she would feel if she lost a beautiful set of jewelry, especially if it were a family heirloom, or if it had a sentimental meaning. She made up her mind right then and there that she would return it the first thing in the morning.

Morning found her crossing the street to return the valuable jewelry. She knocked timidly on the apartment door. A Chinese servant answered, and Laura asked if Madame May-Ling would see her for it was very important. The servant politely ushered Laura into a beautifully decorated room. A thin, mysteriously beautiful figure was gracefully sitting in a Chinese silk-covered chair. She motioned with her hand for Laura to be seated. When she spoke her voice was like soft tinkling music. She asked Laura why she had come. Laura explained as clearly as she could. The Chinese lady was overjoyed when she saw her jewels. Tears of gladness flowed from her eyes. She talked to her servant in Chinese, and soon Laura and May-Ling were enjoying tea and sweets. May-Ling asked Laura many questions. Soon she knew as much about Laura as the girl could tell. She seemed very interested in Laura's desire to become educated. Time sped along, and Laura found herself making excuses to May-Ling so that she could get back to her teachers and classmates because they were waiting for her. May-Ling sent her servant for a jeweled box, then she quickly took the key and opened the box. In it was money. May-Ling took a bundle of bills and handed them to Laura. At first Laura refused, but she was soon persuaded by the beautiful lady. She tried to thank May-Ling, but she just couldn't find words. May-Ling told her that the jewels were worth more to her than the money because they were closer to her heart. The girl tucked the money safely in her purse, thanked the Chinese lady and hurried back to her classmates. Laura was bubbling over with happiness when she got back. She wanted everyone to know that at last her parents would have security and she would get her education with the reward money. She returned home the next day. Her parents were overjoyed. That summer she got a job although

she didn't really read it. She bought a beautiful wardrobe of clothes. The next fall she was off to college. Honesty truly "pays".

My D.A.R. Trip to Boston

On the bright sunny morning of March twenty-fourth I was awakened early and remembered that this was the day I was to go to Boston.

I went to meet the other girls at Howard Johnson's where I met the woman who was to drive us down and the delegate from Southbridge, whom I had previously met, a fact which made me feel more at ease. After a few minutes of waiting the delegates from Oxford and Webster arrived, so then we proceeded to our destination.

Arriving in Boston, we went directly to the Copley Plaza Hotel, and there we met the Grafton Delegate and waited for the regent from our district, who was to show us to our seats. After she arrived, our group being complete, we proceeded to the Assembly Hall. Here various reports were given, and finally it came time for the lucky girl to be chosen to represent the state of Massachusetts at the National Conference. The girl to be chosen, seated not far from us, was from Holyoke and she was, of course, thrilled over being elected.

After the ceremonies, we marched around the hall and received booklets on the work of the D.A.R.

Then, we proceeded to the chartered buses that would take us to the Boston City Club, as it was time for lunch. We all enjoyed a very fine dinner, and I made many acquaintances of delegates from various schools. Also we heard a speech by the girl chosen as Massachusetts delegate.

After lunch we went on a tour of the State House and were supposed to meet the Governor; but, to our great dismay, the Governor was on a tour of western Massachusetts. In the State House we sat in at a session of the House and meeting of the Senate. In the House, they were, at the time, discussing a bill of whether or not to allow fireworks to be sold in Massachusetts, which we all thought very interesting. Here I met Representative Allen who spoke to me for a few minutes and after completing our tour of the State House, we all left for the hotel.

Arriving at the hotel, we waited for our group to assemble and then we started for home. Our driver asked us if we wished to go anywhere else, but we all wished to start for home.

I enjoyed my trip very much because I met many other D.A. R. Good Citizens and had an interesting and enjoyable day.

Music Festival Trip

On March 30, at one o'clock, Miss Putnam, our supervisor, Sally Mann, Agnes Prunier, and Barbara Moffatt left Charlton for Wellesley Mass.

Our first stop was in Auburn, where we had our pictures taken.

We arrived in Wellsley around four-thirty. We registered in the Wellesley High School, from there we started for our homes. We arrived at a very nice looking home, and were greeted by a pleasant lady. Feeling very pleased with our good luck, we went to meet our hostess only to be informed that she expected three boys and planned to have one boy sleep with her son. After quite a discussion, she said we could stay a fact which made us feel very happy.

At five o'clock we had a mass meeting in the auditorium of the High school; at six, we had our supper in the cafeteria. At eight we went to our first rehearsal. We were glad to get to bed after a very hard day. The deadline for lights out was eleven o'clock.

Thursday morning we had a very good breakfast with our hostess. Starting at nine o'clock we rehearsed until eleven. Miss Putnam took us shopping until dinner time. Thursday was a discouraging day, for we practiced until everyone was rather cross. We ate our supper at the Village Church and our rehearsal was held at Alumnae Hall, Wellesley College. As we got there early, we took a short sight-seeing tour of the grounds. After the rehearsal, we went to a dance held at the high school gymnasium.

Friday we rehearsed in the morning, and in the afternoon, we gave a concert at Alumnae Hall for the Children of the town.

When we arrived home, we met our host for the first time, our hostess had ice cream and strawberries for us, and our host played a few games of Ping--Pong with Sally.

We had a very enjoyable evening, but we missed the deadline which was eleven by a few minutes.

Saturday morning we rehearsed for the last time. In the afternoon, we heard the band and orchestra concerts. The band was a very colorful sight, for all the members had the uniforms of their own bands. Our concert started at two-fifteen and was broadcasted over the radio.

We had our supper in the Wellesley Gymnasium. It was a banquet with a caterer, for the first time everyone ate together, the band, the orchestra and the chorus.

The evening concert began at eight-fifteen. All the girls were in evening gowns, and the boys had their best suits on. After the concert, we went to a dance held in the ball room at Alumnae Hall.

We packed our clothes Saturday night as we were leaving early Sunday morning. We all felt a little sad at the thought of leaving all the wonderful people we had met, especially our host and hostess.

We started out bright and early Sunday morning. In fact Miss Putnam was waiting for us before we had eaten breakfast. We were back in Charlton by eleven o'clock.

We hope in the future that more pupils will be able to go to the music festivals. Besides having a wonderful time, it is a very educational trip.

When school opened last September, twenty-one of us were chosen to be housed in lower Town Hall. We proceeded to hold an election, at which Clarence Butler was chosen for president; Corrine Dubuque, as vice-president; Audrey Ayotte, as treasurer; and Dorothy Hammond, as secretary.

On October 22, the annual play contest was held with Audrey Ayotte supporting us as Joan in "The Kid Brother."

Our Honor Roll has carried the name of Ruth Stevens, of our class, since the beginning of the year, and Audrey joined her on it at the 2nd ranking period.

Clayton Peltier and Wilbur Clark left us during the year to go to Trade School.

About one third of our class was chosen by Miss Putnam for the Junior Glee Club.

The Senior Play again boasts our Audrey Ayotte in the part of Celestine, better known as "Topsy".

Sophomore Report

September 1948 began an important year for the Sophomore class, numbering thirty-two. Although we were sorry to lose Norman Dubuque who joined the Army Air Force in October, we were proud and pleased to welcome Thomas Kerr and Phyllis Lucas.

Our class officers, president, Walter Lokjo; vice-president, Beatrice Mann; secretary, Wesley Wolfendon; and treasurer, Annette Mongeon have been very active all year.

The first red letter event for us was our winning of the Senior Play Contest, with the religious drama-"The Bishop's Candlesticks". The members of the cast were Paul Granger, Edward Stearns, Annette Mongeon, Beatrice Mann, and Phillip Stevens. This play was coached by our class adviser, Mrs. Fiske, and with her help and hard practicing, we were happy to secure the cup.

We secured 100% in our annual Red Cross Drive.

The next high light for this year was our winning of the Magazine Contest. We brought in about \$800.00 and secured about \$50.00 for class treasury. We were especially proud of Herbert McIntire-high salesman for our class and school-who sold \$125.00 worth of magazines. As a reward, Mrs. Fiske took us all to the Ice Follies in Boston, where we had a grand time.

During April vacation, we sponsored a Record Hop in Dexter Hall. Annette Mongeon was general chairman of this affair, where we made a small profit and had a very good time.

Honor Roll pupils for this year were Thomas Kerr with highest honors and Paul Granger, Barbara Stevens, Herbert McIntire, and Daniel Foskett who had all A's and B's.

Respectfully submitted,
Wesley Wolfenden,
Secretary

During the year we raised money for the treasury by doing different things. We had two paper drives, one in the beginning of the year and one in the month of March. We held an auction in the Town Hall with Barney Richards as auctioneer, and we also sold Christmas Cards.

Lorraine Lavigueur represented our school in the annual D.A.R. Convention in Boston this year.

During our spring vacation, we went to New York on our class trip for three days. Our chaperones were Mrs. Hammond, Mrs. Fiske, Mr. Fiske, and Mr. Mushroe.

For the Senior Play we produced "Harriet" (the life history of Harriet Beecher Stowe) which included the entire class: Evelyn Murkland, (who was Harriet) Robert Pierangeli, Joan Lunn, Sylvia Duquette, Shirley Denault, Barbara Moffatt, Diana Zinkowsky, Leona Hilton, Robert Wilbur, Patricia Poulin, Herbert Stevens, George Woods, Lorraine Lavigueur, Eunice Mahan, Anita Ianniccheri, Gary Mix, Eleanor O'Connell, Dorothy Cook, Roland Becker, Theresa Dubuque, Frank Gard, and Sally Mann.

And with this last report we bid goodbye to Charlton High.

PRE-DRIVERS' CLUB

This year our club, under the supervision of Mr. Mushroe, consisted of nine members. We had ten at the beginning of the year but one, Helen Carrington, left school.

We elected only one officer this year, a president, Barbara Stevens.

We have completed our textbook, "Man and the Motor Car" and reviewed the chapters and questions at the end of the book in order to prepare ourselves for the test, given at the end of the year. This test will determine whether or not we will be excused from the usual questions when applying for our licenses.

The purpose of this club is to develop the right attitude in the minds of those who will be future drivers as well as to give an understanding of the rules and regulations of the highway.

Respectfully submitted,
Barbara Stevens, Pres.

Junior Red Cross

This year we have two delegates from our school; namely, Beryl Foskett and Eleanor O'Connell.

In November, we sponsored a drive which did not prove to be very successful; but we hope that the next drive will go "over the top".

At a recent meeting of Junior Red Cross, a committee was formed to bring entertainment and candy to the inmates of the Town Farm here in Charlton. Last May the group came from surrounding towns and the plan proved to be very successful.

Roger Deveau was appointed delegate to Junior Red Cross for the next year. I have enjoyed being delegate to Red Cross, very much.

We have gone over the rules for basketball and baseball so that more boys would know how to play and in that way our school would have better teams. We decided we would add volley ball to track meet this year, and a numeral for boys, who won fifteen points. Also we gave a banner to the winning class, which was the senior class.

STUDENT COUNCIL NEWS

The Student Council of C.H.S. has an enrollment of eighteen pupils, all representatives of either a class, a club, or a sport.

The officers are as follows: Shirley Denault, president; Sally Mann, secretary; Lorraine Laviqueur, treasurer and Robert Wilbur, Vice-president.

In the following paragraphs, I will briefly mention some of the outstanding and interesting projects we have undertaken this year.

The Annual Junior and Senior Play Contests were held the 22nd 29th of October with the seventh, eighth and ninth grades participating in the Junior Contest, and the tenth, eleventh, and twelfth grades participating in the Senior Contest.

We sold the average number of Student Council tickets, which are worth four dollars and are sold for two dollars each.

Our high school, under the Student Council, took an active part in Good Government Day by organizing a Rotation Policy with Auburn, Leicester, and Oxford. A meeting was held in Auburn, and Oxford was chosen, by chance, for this year and will be eliminated next year.

The Student Council sponsored a bus on Friday nights for students to attend out of town boys' basketball games.

With the money received from the magazine contest, the council sponsored fine assemblies this year with varied artists.

This season according to past custom there will be an All-Star Assembly, the first Friday in May and the Annual Spelling Bee the second Friday in May.

Ronald Forkey, Mary Sampson, Sally Mann, and Evelyn Murkland were sent to the Webster Sectional Student Council Meeting and President- Shirley Denault, and Barbara Moffatt were chosen to go to the State Meet in Fitchburg, on May 14.

We have all worked hard on our various committees, and we have enjoyed those activities sponsored by the Student Council in 1949.

Respectfully submitted,
Sally Mann,
Secretary

GIRLS' VOICE CLASS

The girls participating in Voice Class have had a very successful year, as they have sung in Thanksgiving and Christmas assemblies, Prize Speaking, Glee Club Concert, Graduation Exercises, Memorial Day, and Washington Day assembly.

At this time all the girls wish to thank Miss Putnam for giving so much of her time to our activities.

Respectfully submitted,
Barbara Moffatt,
Secretary

BOYS' VOICE CLASS

Last fall we elected our Club officers which were as follows: president, Kenneth Anderson; vice-president, Peter Lackstrom; and secretary, Ronald Forkey. We had no treasurer because the Student Council takes care of our finances.

We sang with the Girls' Voice Class in the Armistice Day, Washington's Birthday, and Memorial Day Assemblies and we joined them in Christmas Carols the week before our Christmas vacation.

Some of the songs that we learned were "In the Starlight", "The Morn Breaks Fair", and "Lo, Now, The dawn is Breaking".

We were unfortunate not to have any of our boys participate in The New England Music Festival.

Respectfully submitted,
Peter Lackstrom

GLEE CLUB REPORT

The Glee Club closes this year with a membership of forty-nine, consisting of nineteen seniors, eighteen juniors, ten sophomores, and two freshmen.

Officers for the year were president; Barbara Moffatt, vice-president; Paul Granger, and secretary; Dorothy Cook.

Besides participating in many of the school assemblies, the members of the Glee Club presented a concert which took place in May. Songs were sung by the Glee Club, and students from Classical High of Worcester also gave instrumental numbers. Blossom Brooks gave a violin solo in a request performance.

The Glee Club also made the graduation activities a success.

We believe that this has been a truly successful year under the supervision of Miss Putnam.

Respectfully submitted,
Dorothy Cook

State Student Council Meet

On Saturday, May 14, Barbara Moffatt and I went to a state meeting of the Associated Body of Student Councils, which was held in Fitchburg, Massachusetts.

After registration, we listened to instructive speeches from the following: President of Fitchburg High School Student Council, Edward Ney, President of Associated Body of Student Councils, Principal of Fitchburg High School, Mr. Laurence H. Scanlon, and also Mr. George W. Stanton, Mayor of Fitchburg. Then, after those speeches we heard from the delegate to the National Convention, Roger Moore, of Framingham High School.

Then we adjourned to our sectional meeting. At this discussion group each school representative reported concerning the outstanding accomplishments for the year. Some of the ideas discussed were as follows: Pepperell High School showed lack of spirit in Student Council. They decided to get something to encourage the spirit. They bought a coke machine for the Student body. Sharron High school Student Council had a clean up campaign. All students had a half day off to clean the high school.

The officers of the Associated Body of Student Council elected for next year were as follows: president, Walter Ersing; vice-president, Joan Ballise; and secretary Boanna Bullard.

The delegate that was elected for the National Convention was Ella Lundin and alternate was George Steetler. After a good dinner, we heard an excellent speaker, Mr. Clarence Qurimby of Cushing Academy, who spoke on the importance of youth as leaders.

"SPORTS"

Alice Austin
Grade 3

Boys' Athletics - 1948-49

This school year found Charlton High with an exciting basketball season, and although they weren't successful in winning all the games, the team provided a good game for all spectators. The Blue and White defeated Rutland in a league game and lost a thriller to Rutland in a return game, which required overtime. They also defeated the experienced Alumni and a fighting Cole Trade team. Having reached the Clark Tournament, they bowed out to Major Edwards High of West Boylston.

These are the highlights of a season in which the basketball team, did not win the league championship but proved to be "tops" in sports-manship.

As the " Highlights " goes to press, the baseball team is mid-way in a season's schedule. As this is written, prospects are good for a successful season, which includes seven league games.

Respectfully submitted,

Paul Granger - 51

Girls' Sports

This year the Girls' Basketball team consisted of twenty-five members. Those on the first team were as follows; Shirley Denault, Evelyn Murkland, Barbara Moffatt, Joan Lunn, Leona Hilton, Sally Mann, Dorothy Cook, Anita Ianniccheri, Jean Mc Kissick, Joan Sullivan, and Irene Boulanger.

Those comprising the second team were as follows: Carol Warren, Thelma Brackett, Barbara Hilton, Shirley Casey, Carol Gard, Joan Bassett, Edith Pontbriand, Rhea Dugas, Joan Mushroe, Muriel Davis, Frances Foskett, Nancy Norcross, Carol Butler, Mary Gillespie, and Olive Thompson.

The schedule this year consisted of the following games:

Charlton at Mary Wells
Mary Wells at Charlton
Spencer at Charlton
Charlton at Spencer

Although we did not win any of these games, we were glad we could participate in basketball. With Mrs. Ziemiński as our coach, the girls feel that they have a good chance for a strong team next season.

The girls also played class basketball which was won by the Seniors With the Freshmen as their final opponents.

Our manager this year was Evelyn Murkland, assisted by Caroline Aubin.

We also played volley ball this year, and the class with the highest score was the Senior Class.

Respectfully submitted,

Joan Lunn - 49
